## SCHOOL REPORT.

---

### NELSON CENTRE.

The spring term of fourteen weeks was taught by Miss Mary Stilwell of Yonkers, N. Y., with Mrs. Alice Tolman as substitute for two weeks. Miss Stilwell possessed rare teaching ability and did excellent work.

During the fall term, she, with a few of the larger children, made a book-case for the school-room. The School Association at its annual meeting appointed a committee, with Miss Helen B. Fletcher as secretary, to solicit books or contributions of money towards this school library. Since that time many valuable, instructive and interesting books have come in. The school board wish to express their hearty thanks to Miss Fletcher in her efforts, as well as to all those who have so generously contributed books, etc.

During this term there were 17 pupils enrolled with an average attendance of 13.

The fall and winter terms were taught by Miss Mildred Hardy of East Jaffrey. She had a pleasing way of imparting instruction and the children learned well.

This school has long been in need of a flag-staff, and we are glad to report that one has been donated, and we have five dollars in hand for its erection in the spring.

Owing to the extremely cold weather, and a shortage of dry wood, we closed this school after sixteen weeks. This school is therefore entitled to two weeks extra in the

spring in order to have the thirty weeks of school, without which our district could not participate in the state aid. There were 16 pupils enrolled during the fall term, with an average attendance of 14.53, also 17 enrolled during winter term, with an average attendance of 12.84.

---

### MUNSONVILLE SCHOOL.

Miss Teresa Martin of Marlboro, Mass., taught the spring term. She did excellent work, pleasing pupils and parents. Her discipline also was a great improvement over the first term.

We beg leave to correct an error in last year's school report, which was in stating that Miss Martin was a graduate of Framingham, Mass., Normal school. As such she applied for our school and as such she signed the school register. Miss Martin holds a special teacher's course certificate, and while a person holding such a certificate coupled with experience in teaching sometimes is preferred before an inexperienced normal graduate, yet a certificate is not accepted at the Department of Public Instruction at Concord, so we could not obtain the allotment of \$2.00 per week as provided by law for districts employing normal graduates.

Miss Martin promised to refund \$33.00, half the extra money which we paid her.

There were 25 pupils registered with an average attendance of 21.

The fall and winter terms were taught by Miss Maytie Chandler of Shelburne Falls. She did fair work. Enrollment, fall term, 22; average attendance, 20. Enrollment, winter term, 17; average attendance, 13.69.

At the suggestion of the superintendent of public instruction we filled out the following list:
